Digitos | Concept

This logo design for Digitos is a dynamic fusion of symbols representing the company's core services: BPO, IT, and Digital Marketing.

The central "D" not only stands for the company's initial but also symbolizes the digital heart of its operations. The chat bubble, integrated into the design, highlights the communication centric nature of BPO services. The subtle incorporation of a computer file icon signifies the IT services offered.

By blending these elements, the logo conveys a sense of innovation, reliability, and digital expertise, making it a perfect visual representation of Digitos's diverse offerings.

Redesigned the shape of Letter 'D' (Customized)

Customized the Shape of Letter 'D'

Added the Icon of Computer File

Adding the Chat Bubble shape into Customized Logo

Actual Logo Design

Concept: A File Icon(IT Services) + A Chat Bubble (Communication and BPO) + Digital Marketing

Digitos | Concept

The Digitos logo is designed to visually represent the company's core services.

IT, BPO, and digital marketing. *The unique treatment of the letter "i" and "t" symbolizes the seamless integration of technology and innovation.* The gradient line, stretching from the "i" to the "t," represents the dynamic and ever-evolving nature of technology. This line also signifies the seamless integration of IT, BPO, and digital marketing services offered by Digitos.

The overall design is clean, modern, and professional, reflecting the company's commitment to providing high-quality solutions.
